A Mate's Denial- Book #1:Trager was only a wolfling when he was given a devastating foretelling by the pack elders, and tossed from his family home in the Ozark Mountains. A wolf who can't secure a mate will only endanger the pack. Destined to be denied by his mate, he's been on his own ever since, surviving, waiting... hunting her. Now that he's found her, he has a plan. A threat from a rival pack will have him returning home in hopes of saving the very people who cast him out. But he can't go alone. He'll have to convince the woman who doesn't want him, to help.A Mate's Sacrifice- Book #2:Vesh is a ferocious and cunning guard, and second in command of the Ozarka pack. But he didn't get that way overnight. The cruelty was bred into him, passed along the generations on his mother's side. His wolf side. When the alpha sends him to spy on the drifter, Trager, and his new mate, Vesh vows to make their life hell... and possibly steal the luscious Kerrigan away from a wolf who isn't good enough for her. His plans fall to pieces when he comes face to face with the bold and lovely Braeh, who by some ironic twist of fate, is not only Kerrigan's sister, but his mate.A Mate's Revenge- Book #3:Cael is an alpha who has no mate, and he isn't looking for one. His heart forever belongs to his long lost childhood sweetheart. Years ago, her intended mate laid claim, ripping the two of them apart. Cael has never forgiven him for the injustice. Or her, for betraying him. But even with his bitterness riding him like a bad omen, he can't look away while she is brutally mistreated. There's only one thing to do: exact revenge on his enemy, and deal with the woman who betrayed him later.A Mate's Submission- Book #4:Lexar has given up on finding a person to spend the rest of his life with. His former mating ended as an epic disaster, with his intended unwilling to even speak to him, and living on an island in the Pacific. He's satisfied spending his nights alone and his days serving Ravendale as the pack's most trusted guard. That is until an intriguing alpha female has him questioning his role as a wolf... and as a hot-blooded man. When Lexar is sent to support the new alpha, he finds himself caught in a seductive game of push and pull that sets his wolf on fire and makes him wonder if a relationship between two dominant wolves is possible.

How did die become kick the bucket, underwear become unmentionables, and having an affair become hiking the Appalachian trail? Originally used to avoid blasphemy, honor taboos, and make nice, euphemisms have become embedded in the fabric of our language. Euphemania traces the origins of euphemisms from a tool of the church to a form of gentility to today's instrument of commercial, political, and postmodern doublespeak. As much social commentary as a book for word lovers, Euphemania is a lively and thought-provoking look at the power of words and our power over them.

Ketchell discovers, a popular variant of Christianity underscores all Branson's tourist attractions and fortifies every consumer success. In this study, Ketchell explores Branson's unique blend of religion and recreation. He explains how the city became a mecca of conservative Christianity - a place for a "spiritual vacation" - and how, through conscious effort, its residents and businesses continuously reinforce its inextricable connection with the divine."--BOOK JACKET.
