.

Albania is not well known by outsiders; it was deliberately closed to the outside world during the communist era. Now it has thankfully become free again, its borders are open and it can be visited, and it is increasingly integrating with the rest of Europe and beyond. Unfortunately, Albania has had its share of problems in the post-communist era; it's a land of destitution and despair, thanks in part to the Albanian mafia, which has turned the country into one of blood-feuds, kalashnikovs, and eternal crises. Yet, Albania is, in essence, a European nation like any other and will soon, it is to be hoped, advance and take its proper place in Europe and the world. The second edition of the Historical Dictionary of Albania relates the history of this little-known country through a detailed chronology, an introduction, a bibliography, appendixes, and over 700 cross-referenced dictionary entries on significant persons, places, and events; institutions and organizations; and political, economic, social, cultural, and religious facets.

Durante los más de cuatrocientos años transcurridos desde su aparición, el «Quijote» se ha traducido a numerosas lenguas de manera íntegra o abreviada, con continuaciones, acortamientos o adaptaciones diversas destinadas, por ejemplo, a un público infantil y juvenil. Todos estos «avatares» han hecho de ella una obra poliédrica cuyos planos y ángulos han sido ampliamente analizados desde distintas perspectivas. Este estudio bibliográfico aspira a ofrecer un panorama lo más exhaustivo posible de las traducciones y de las ediciones del libro aparecidas en Europa para rendir homenaje a cuantos han mantenido viva en nuestro continente la obra más conocida de Cervantes. A la manera de un catálogo, este volumen se propone ilustrar el recorrido europeo del «Quijote» y sus «avatares»: la reencarnación del libro en cada una de sus traducciones y la transformación dinámica en sus adaptaciones y traslaciones a lenguas y culturas diversas.
